## ENVIRONMENT: Province to plant 50 million trees by 2020

Posted By SUN MEDIA

Posted 2 days ago

Trees Ontario -- with the help of Sun Media -- is greening up the province.

Members of the Girl Guides joined Natural Resources Minister Donna Cansfield at Tommy Thompson Park in Toronto Wednesday to officially kick off the spring tree planting season.

The Dalton McGuinty government has partnered with Trees Ontario to plant 50 million trees in the province by 2020.

A tree planting tutorial helped everyone learn the proper techniques to ensure their efforts take root.

Trees Ontario is the largest, not-for-profit tree planting partnership in North America.

It is committed to the re-greening of Ontario through a range of tree planting activities.

With sponsors like Sun Media and partners like the Ministry of Natural Resources, the organization is attempting to restore the province's tree planting capacity, especially throughout southern Ontario on private lands.

Trees Ontario will plant close to three million trees this spring with the help of its partners.
